the
full stop
doesn't end a sentence
the full stop doesn't close a text
for behind every single dot on the page
are thousands and thousands of unspoken texts
countless pieces of allophones, phones, and phonemes
innumerable companies of allomorphs, morphemes, and words
fresh metaphors freeing borderless, boundless, open, vast feelings
complex syntax syncing heavy, horrendous, humongous emotions
multiple multimodal codes constructing grunts, tears, and pains

...
many things to say
many things unsaid
many things unsayable
everything rounded off to a dot
